About silent auctions...

Where do you find unique and exciting items when you host a silent auction? Silver Dream!

Silver Dream consigns sterling silver jewelry at wholesale prices. You will be able to open the bidding at discounted prices and you are guaranteed to make money. Most importantly, your guests will be delighted with the unique and original pieces you are offering.

How did we come up with this idea?

Several clients told us that their silent auction items were so expensive that no one could relate to them or that they were so unexciting that there was no interest at all. Sound familiar? With silver pieces from Silver Dream, their auctions had new life.

How do you get items from Silver Dream?

It's easy. Call Silver Dream at 602-678-0743 or send email to satya@silverdream.biz and we will explain our simple no-risk program. Together we select beautiful jewelry and you make money for your organization at your event.
